To whom it may concern,

Jasmine Barton is a recent graduate, having graduated in July 2023 with her qualification, BA (Hons) Content Media and Film Production from MetFilm School Ltd, in partnership with University of West London, having achieved First Class Honours.

Qualification start date: 14/09/2020
Cohort: BCF-S03

I was lucky to get to know Jasmine well over her three years on the course, in which time she showed a great commitment to her studies. She now has knowledge and experience in a wide variety of areas across the screen industries including screenwriting, pre-production, production and post-production; as well as skills to use professional standard kit. Jasmine has always shown talent in ideas generation and group work, having worked on six separate group productions in the three years, all of which were very successful.

Jasmine displayed incredible creative from her first year on the course and has used her time on the course to explore a myriad of interesting and diverse topics.

I very much look forward to seeing what she achieves in the near future.

Please feel free to contact me if you would like any further information.
